

**SCANGRIP**  
EX PROOF **ATEX anti-explosion work lights**

Range of innovative and high performance anti-explosion work lights, built with suitable characteristics to work in absolute safety in environments with a potential explosion risk, in the presence of flammable liquids or gases

Approved and certified in accordance with directive ATEX 2014/34/EU and with directive IECEx for use in hazardous environments:

- Gas zones 1 and 2
- Dust zones 21 and 22

They provide intense and long-lasting light

**EX-VIEW**

**Turns on and off by means of a sensor that detects hand movements.** It has a strap in anti-allergic fabric, that can be adjusted to the desired size

The headlamp can be detached from the band and used as a hand lamp or placed on a magnetic surface

**COB LED:** 200 lumen - 300 lux at 0,5 m

**SPOT SMD LED light:** 100 lumen - 1000 lux at 0,5 m

Operating time approx. 3,5h

Lithium-iron-phosphate battery 3,8 V (1600 mAh) - Charging time approx. 3,5h

Provided with charger with USB port N 9097/85 and USB cable

Dimensions 95x55x43 mm - Weight 140 g

Rechargeable battery

II 3G Ex ic IIC T5 Gc  
II 3D Ex ic IIC T100°C Dc IP65

<b>Code N 9137 1000</b>	<b>N 9137/1</b>	Each €		1
-------------------------	-----------------	--------	--	---

**Accessories for ATEX anti-explosion work lights**

**Tripod**

**Mod. TRIPOD EX**

For fixed positioning

**Extendible from 1,35 m to 3 m**

Maximum load 10 kg

Provided without arms

Closed dimensions 140x130x1080 mm - Weight 6 Kg

<b>Code N 9139 1000</b>	<b>N 9139/1</b>	Each €		1
-------------------------	-----------------	--------	--	---

**Magnetic support**

**Mod. Magnetic Bracket EX**

Suitable for positioning NOVA -EX and NOVA -EX R lights on magnetic surfaces

Bracket with 2 magnets and **holding force of 10 Kg**

With safe release pin for installation without the risk of accidentally dropping the light, and to adjust the angle

Weight 900 g

<b>Code N 9139 7000</b>	<b>N 9139/7</b>	Each €		1
-------------------------	-----------------	--------	--	---

**Support for scaffolding and shelving**

**Mod. Bracket EX**

Suitable for positioning NOVA -EX and NOVA -EX R lights on magnetic surfaces on scaffolding or supports with Ø 40-50 mm

Makes it possible to adjust the angle of the light

Weight 900 g

<b>Code N 9139 8000</b>	<b>N 9139/8</b>	Each €		1
-------------------------	-----------------	--------	--	---

**UK Underwater Kinetics** **Professional flashlights for inspections** - Orig. Made in U.S.A.

**Professional models, explosion-proof and ATEX certified**

Particularly suitable for inspection and maintenance work

**With body in synthetic resin, shockproof and waterproof**

**Mod. UK 2AAA eLED MPL I**

Compact size, with **super bright and long lasting LED beam**

**Can be immersed in water up to 10 m**

Luminous flux 35 lm - Luminous flux max length 14 m

With 2 alkaline batteries type AAA LR03 (approx. operation time 15h)

Clip and metal ring - Overall length 73 mm - Weight 36 g

<b>Code N 9098 0000</b>	<b>N 9098/0</b>	Each €		1
-------------------------	-----------------	--------	--	---

With LED lamp

**Mod. UK 2AAA eLED Penlight I**

**Waterproof to a depth of 3 m**

Luminous flux 35 lm - Luminous flux max length 64 m

With 2 alkaline batteries AAA type LR03 (approx. operation time 3h)

Pocket clip

Overall length 132 mm - Weight 102 g

<b>Code N 9098 1100</b>	<b>N 9098/11</b>	Each €		1
-------------------------	------------------	--------	--	---

With LED lamp
