

pig New Pig **Professional absorbent pads and rolls**

Type for lightweight universal purposes

Suitable for absorbing small leaks and drips
 Ideal for small operations. They are made of extremely durable, 100% polypropylene non-woven fabric. They do not tear, slit, or fray even when they are saturated
 The multi-layer structure gives the product high absorbing and liquid retention capacity
 They absorb oil, cooling liquid, solvents and water

Pads

Dimensions **38x51 cm**
 Absorption volume approx. 83,6 l/pack
In 200 pad pack - Approx. weight 8,2 kg

Code N 9918 0200	N 9918/02	Per pack €	 1
------------------	------------------	------------	---

Roll

Dimensions **76 m x h 46 cm**
 Absorption volume approx. 76 l (per roll)
In 1-roll pack - Weight approx. 7,3 kg

Code N 9918 1100	N 9918/11	Per pack €	 1
------------------	------------------	------------	---

Type for quickly absorbing chemical substance spills

Pads to absorb and retain fuels, cooling fluids, solvents and water
 Super absorbent, pink coloured, with 8 thermally bonded layers of polypropylene, tough and abrasion-resistant
 Dimensions **38x51 cm** - Absorption volume approx. 84 l/pack
In 200 pad pack - Weight approx. 7,7 kg

Code N 9918 2200	N 9918/22	Per pack €	 1
------------------	------------------	------------	---

Multi-purpose absorbent cloths

They can be used for any application on the workplace, to absorb oil, grease, water and for personal hygiene
 Damp-resistant, they will not shed, pill or leave behind unwanted fibers when wiping parts
 Can be folded to reach tight spaces
 Dimensions **24x42 cm** - Absorption volume about 84 l per pack

In 75-cloth dispenser box - Weight 10,3 kg

Code N 9918 4400	N 9918/44	Each €	 1
------------------	------------------	--------	---

Universal absorbent socks

In flexible polypropylene with corncob inside
 Particularly suitable for positioning on trucks or in tight spaces
 Ideal for absorbing and withholding small spills of oily substances, cooling liquid, solvents, and water - They are installed around the base of machinery, or in corners

Absorption volume	38	76
Code	N 9918 6006	N 9918 6008
N 9918/6 Per pack €		
Dimensions cm	8 x 107	8 x 107
 absorbent socks	20	40

Kit for liquid spills

Suitable for quick intervention in the case of a spill
 Particularly suitable for positioning on trucks or in tight spaces
 Bags with cord closing for transport or for hanging the kit up
 Consisting of: 1 sock, 20 pads, 2 bags for temporary disposal

Type of use	Universal	Chemical
Code	N 9919 3001	N 9919 3003
N 9919/3 Per pack €		
Absorption volume	10,4	10,4

Universal loose absorbers

Sepiolite

Professional fire-proof absorbent substance, made of high quality sepiolite, a highly porous mineral
 Ideal for instantly absorbing liquids of various kinds, such as oil, petrol, water, etc.
 Suitable for use indoors and outdoors
 To be used in the 100% natural form, no mixing required - In 10 Kg package

Code N 9919 7000	N 9919/7	Each €	 1
------------------	-----------------	--------	---

Pig® GRIP-DRI

Universal, fast-acting fire-proof absorbent substance
 Suitable for oily substances, cooling fluids, solvents, acids and caustic substances
 It maintains its granular form even in the toughest conditions - Non toxic
 The particular formula in micro-granules absorb 25 % more than traditional formulas - In 15 kg package

Code N 9919 7200	N 9919/72	Each €	 1
------------------	------------------	--------	---
