Code C 3057 0000	C 3057	Each €	 1
------------------	---------------	--------	--

Reinforced cross wrench - Forged and hardened heads and central part - DIN 3119

Opening sizes  24 x 27 x 32 mm and square  drive 3/4"

Overall length 750 mm

Code C 3058 2000	C 3058/2	Each €	 1
------------------	-----------------	--------	--

Cross type with 4 hexagonal openings 

Chrome-vanadium steel - Chromed version

Reinforced cross - Heads and central part forged and tempered - DIN 3119

For tractors, earth moving machines, etc. - Tested to 2000 Nm

Opening 24 x 27 x 32* x 38 mm - Opening in inches 15/16 x 1 1/16 x 1 1/4 x 1 1/2

Overall length 750 mm

Code C 3058 3000	C 3058/3	Each €	 1
------------------	-----------------	--------	--

* Inside the 32 mm opening there is a 20,64 mm square  drive (13/16") particularly suitable for twin wheels of truck trailers and trailers, where a square drive is indispensable for the square of the column

With female square  inside the 32 mm opening

With telescopic lever length from 1035÷1430 mm and square  drive 3/4"

Special hardened steel, burnished version

The extra long lever makes it possible to apply **high torques (up to 1200 Nm at the maximum extension)** facilitating the removal and mounting of the wheels of heavy vehicles
 Can be dismantled into 3 parts to reduce overall size and also be kept in the toolbox

Safety blocking of the parts with ball retainer

With plastic handle

Rod with square drive length 445 mm suitable for reaching nuts located at depth

Code C 3058 6000	C 3058/6	Each €	 1
------------------	-----------------	--------	--

T-type with hexagonal openings 

Complete with retractable lever of length 600 mm

Overall length 430 mm -  pc. 1

Opening	mm	30 x 32 (13/16" x 1 1/4")	32 x 38 (1 1/4" x 1 1/2")
Code		C 3059 3004	C 3059 3005
C 3059/3	Each €		

ABC TOOLS Hydraulic jacks

Entirely in steel - Conforming to DIN 76024

With lever handle

Jacks with capacity from 5 to 30 t have a height-adjustable head through screw
