

## LENOX Sets of hole saws and accessories

### In HSS high speed steel - BI-METAL - 7% cobalt

With rigid and reinforced backing plate with threaded hole and holes for fitting the arbor

#### Complete with hole saws Mod. T2 Technology

For cutting steel, stainless steel, cast iron, non-ferrous metals, wood, plastics, fiberglass, etc.

**Variable pitch**, 4-6 teeth per inch, electronically welded to the back  
The improved tooth and groove design reduces stress on the saw teeth, the **new geometry** favours smooth and noiseless penetration on the workpiece

"**SPEED SLOT™**" design for easy plug removal

#### Consisting of 10 tools - For electricians

6 hole saws D 3850 Ø 22 - 29 - 35 - 44 - 51 - 64 mm

1 hexagon shank arbor D 3852/4 13 mm (1/2")

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 center drill D 3853/1 100 mm

1 adaptor D 3852/8

In synthetic resin box

Code D 3854 0000	<b>D 3854</b>	Each €	1
------------------	---------------	--------	---

D 3854

#### Consisting of 10 tools - For plumbers

6 hole saws D 3850 Ø 19 - 22 - 29 - 38 - 44 - 57 mm

1 hexagon shank arbor D 3852/4 13 mm (1/2")

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 center drill D 3853/1 100 mm

1 adaptor D 3852/8

In synthetic resin box

Code D 3856 0000	<b>D 3856</b>	Each €	1
------------------	---------------	--------	---

D 3856

#### Consisting of 9 tools - For electricians

7 hole saws D 3850 Ø 16 - 20 - 25 - 32 - 41 - 51 - 64 mm

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 hexagon shank arbor D 3852/51 10 mm (3/8")

In synthetic resin box

Code D 3856 7000	<b>D 3856/7</b>	Each €	1
------------------	-----------------	--------	---

#### Consisting of 17 tools - Universal

12 hole saws D 3850 Ø 16 - 19 - 22 - 25 - 29 - 32 - 35 - 38 - 44 - 51 - 64 - 76 mm

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 hexagon shank arbor D 3852/51 10 mm (3/8")

3 center drills D 3853/1 100 mm

In synthetic resin box

Code D 3857 0000	<b>D 3857</b>	Each €	1
------------------	---------------	--------	---

D 3857

#### Consisting of 21 tools - For electricians

16 hole saws D 3850 Ø 19 - 22 - 25 - 29 - 35 - 38 - 44 - 51 - 57 - 68 - 76 - 83 - 92 - 95 - 105 - 121 mm

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 hexagon shank arbor D 3852/51 10 mm (3/8")

2 center drills D 3853/1 78 mm

1 center drill D 3853/1 100 mm

In synthetic resin box

Code D 3858 0000	<b>D 3858</b>	Each €	1
------------------	---------------	--------	---

#### Complete with hole saws with hard metal tipped teeth

For cutting fiberglass, graphite, chrome steel, titanium alloys, ceramics, cast iron  
3 teeth per inch, 6°-7° rake angle

Smooth, high precision and finish cutting, with no vibrations

They last up to 10 times longer than bi-metal saws for cutting abrasive materials

#### Consisting of 8 tools - For electricians

6 hole saws D 3851/1 Ø 22 - 29 - 32 - 35 - 51 - 65 mm

1 hexagon shank arbor D 3852/41 10 mm (3/8")

1 hexagon shank arbor D 3852/51 10 mm (3/8")

In synthetic resin box

Code D 3859 0000	<b>D 3859</b>	Each €	1
------------------	---------------	--------	---
