

**With shank for Bosch, FLEX, Festo, Hitachi, AEG, DeWalt, Makita**

Suitable for:	Code	Price pkg.	Tooth length pack	mm	Pitch mm	Equivalent to Bosch:	Blade
<b>WOOD</b>							
Very fast and clean cut on all types of wood Extra long version	D 3877 1220	D 3877/122 €	5	155	4	—	 CV steel - Oblique teeth - Ground
Fast, parallel and clean cut on all types of wood and plastics (carbon fiber, Varicor®, Corian®)	D 3877 1230	D 3877/123 €	5	91	2,5	T 234 X	 CV steel - Straight teeth - Ground
Mod. "LAMINATOR" - Teeth angled in opposite direction - Clean cut without burrs on laminates and parquets for thickness up to 20 mm	D 3877 1300	D 3877/13 €	5	60	1,9	—	 Bimetal - Push oblique teeth - Ground
<b>METAL</b>							
Straight cut on metal and thin sheet metal	D 3877 1400	D 3877/14 €	5	55	1,2	T 118 A	 HSS - Wavy, milled
	D 3877 1500	D 3877/15 €					
Flexible blade for straight cut on steel and stainless steel (V2A)	D 3877 1600	D 3877/16 €	5	55	1,2	T 118 AF	 Bimetal - Wavy, milled
	D 3877 1610	D 3877/161 €					
Straight cut on aluminium, non-ferrous metals and steel	D 3877 1700	D 3877/17 €	5	55	2	T 118 B	 HSS - Wavy, milled
	D 3877 1800	D 3877/18 €					
Flexible blade for straight cut on steel, stainless steel (V2A), aluminium and non-ferrous metals	D 3877 1900	D 3877/19 €	5	55	2	T 118 BF	 Bimetal - Wavy, milled
Very thin blade for straight cut on sheet metal	D 3877 2100	D 3877/21 €	5	55	0,7	T 118 G	 HSS - Wavy, milled
Very thin blade for straight cut on sheet metal and stainless steel with thickness range 0,5÷1,2 mm	D 3877 2200	D 3877/22 €	5	55	0,7	—	 Bimetal - Wavy, milled
Flexible, for straight cut on steel, stainless steel, non-ferrous metals	D 3877 2240	D 3877/224 €	2	50	1,1	T 118 AHM	 Hard metal
<b>UNIVERSAL</b>							
Flexible, for straight cut on steel, aluminium, non-ferrous metals and plastics	D 3877 2300	D 3877/23 €	5	75	3	T 127 DF	 Bimetal - Set, milled
	D 3877 2320	D 3877/232 €					
Flexible blade for straight cut on steel with thickness range 1,5÷4 mm, non-ferrous metals and sandwich panels - Long version	D 3877 2310	D 3877/231 €	5	105	1	T 318 A	 Bimetal - Set, milled
Flexible blade for straight cut on steel, non-ferrous metals and sandwich panels Long version	D 3877 2400	D 3877/24 €	5	105	2	T 318 BF	 Bimetal - Wavy, milled
Flexible blade for straight cut on steel, non-ferrous metals and sandwich panels Extra long version	D 3877 2440	D 3877/244 €	5	155	1	—	 Bimetal - Wavy, milled
<b>SPECIAL</b>							
Straight cut on glass, ceramics and reinforced fiberglass	D 3877 2500	D 3877/25 €	3	54	—	T 150 Riff	 Coated with hard metal grain
Straight cut on fiberglass, hard and reinforced synthetic resin and abrasive materials	D 3877 2600	D 3877/26 €	1	75	4,2	T 141 HM	 Hard metal
Cut on insulation materials, plastics, rubber, leather, foam rubber	D 3877 3200	D 3877/32 €	5	155	—	—	 CV steel - Wavy teeth - Knife shape
