

Rubber backing pads for grinders

Flexible version

For use of abrasive discs and synthetic leather covers

FLEX

With threaded ring nut M 14 dipped in rubber, rigid

With fixing on fabric with hooks «Velcro» type

Suitable for abrasive discs D 9695/5 ÷ D 9695/9

Diameter	mm	115	125	150
Code		E 1114 3115	E 1114 3125	E 1114 3150
E 1114/3	Each €			
Rotational speed	rpm	11000	10000	9500

Fixing on fabric with hooks «Velcro» type

Fibre discs in corundum abrasive paper with hole configuration for orbital sanders

In indivisible pack of 50 pcs.

With Velcro backing for fastening to backing plates coated with hook-and-loop fabric similar to «Velcro»

High stock removal on metal, wood and plastic surfaces for paints, plaster, etc.

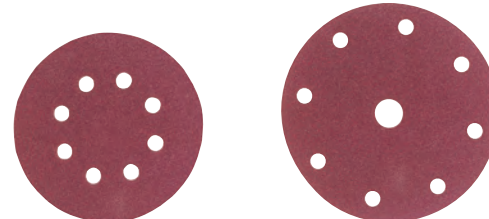

With hole design for improved dust extraction

D 9695/5 - Diameter 125 mm - 8-hole configuration - Rotational speed 12300 rpm

D 9695/6 - Diameter 150 mm - 7-hole configuration - Rotational speed 10200 rpm

D 9695/7 - Diameter 150 mm - 9-hole configuration - Rotational speed 10200 rpm
