

Branches for 2 burners**In special steel**

Output coupling M 20 x 1

Total length	mm	130	500
Code		K 3773 9130	K 3773 9500
K 3773/9	Each €		
Inlet coupling		M 14 x 1	M 14 x 1
Weight	g	135	315

**Nozzle cleaning reamers set in tool steel - Ground version**

Five edged reamer, to remove scale from small diameter holes (e.g. spray nozzles)

Taper: 1:100 - In PVC case

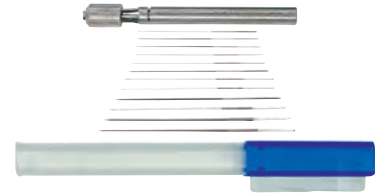

Set consisting of:

12 reamers from 0,6 to 1,9 mm (1 piece per type)

1 reamer holder F 7787/9 size 1

Code F 7787 1000	F 7787/1	Each €		1
-------------------------	-----------------	--------	---	---

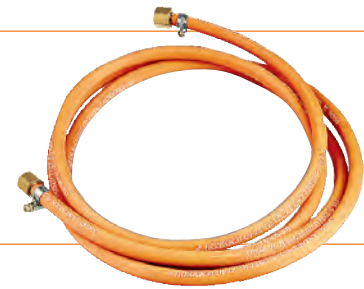

F 2 → pag. 522

**Reinforced rubber hose - EN 559**

With threaded fittings R 3/8" left

Internal diameter 8 mm

Tube length	m	3	5
Code		K 3774 1203	K 3774 1205
K 3774/12	Each €		

- Conforming to DIN 3017 standard

Entirely in galvanized steel - Mod. NP9 - W1

With non-perforated band, length 9 mm and rounded edges

High-resistance and it can be used several times - High clamping with low tightening torque

Hex head 7 mm - Clamping

Code L 6570 1010	L 6570/1	Each €		50
-------------------------	-----------------	--------	---	----

L 7 → pag. 772

Band width 9 mm

Hose holder fitting

With threading R 3/8" left - For hoses with max internal Ø 9 mm

Code K 3774 1409	K 3774/14	Each €		1
-------------------------	------------------	--------	---	---

**Adjustable brass valves**

Max input pressure 25 bar - Output pressure 1,5 bar

Input coupling with threading W 20x1/14" left

Without pressure gauge

Code K 3776 2000	K 3776/2	Each €		1
-------------------------	-----------------	--------	---	---

With pressure gauge from 0 to 2,5 Bar

Code K 3776 3000	K 3776/3	Each €		1
-------------------------	-----------------	--------	---	---

**Welders for asphalters**

Ready for use, they are suitable for waterproofing in the construction, hydraulic, road building fields etc.

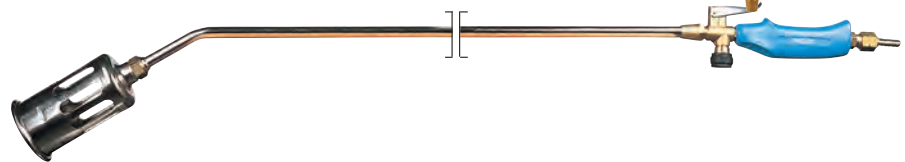

Consisting of:

1 handle K 3773/1

1 steel burner K 3773/41

1 extension tube K 3773/5

Tube length	mm	400	600
Code		K 3776 6400	K 3776 6600
K 3776/6	Each €		
Burner diameter	mm	63	63

Set of propane welding tools

Working pressure 2 Bar

Consisting of **6 tools**:

1 hand grip with economizer lever K 3773/1

3 brass ignitor lances K 3773/3 Ø head 14 - 17 - 20 mm

1 adjustable valve with manometer K 3776/2

1 3 m rubber hose K 3774/12 with fittings

In sheet metal case - Dimensions LxDxh 290x220x60 mm

Code K 3776 8200	K 3776/82	Each €		1
-------------------------	------------------	--------	---	---
