Version for one-hand use

Ergonomic, with gun-shaped handle

With **flexible safety hose** length 300 mm (**bursting pressure 1000 bar**) conforming to DIN 1283 and head with gripping pincers for «Hydraulic» greasers

Advancement pressure 400 bar, guaranteed - Body Ø 55 mm - Overall length 280 mm

Code K 3897 3000	K 3897/3	Each €	1
------------------	-----------------	--------	---

Version with side lever

With **flexible safety hose** length 300 mm (**bursting pressure 1000 bar**) conforming to DIN 1283 and head with gripping pincers for «Hydraulic» greasers

Advancement pressure 400 bar, guaranteed - Body Ø 56 mm - Overall length 300 mm

K 3897/45 - Without cartridge

K 3897/5 - With universal grease cartridge "LUBE SHUTTLE®" K 3897/9 da 400 g

Code K 3897 4500	K 3897/45	Without cartridge	Each €	1
------------------	------------------	-------------------	--------	---

Code K 3897 5000	K 3897/5		Each €	1
------------------	-----------------	--	--------	---

K 3897/5

Magnetic support for grease guns

Suitable for grease guns with body up to Ø 60 mm

With permanent magnet

Code K 3897 6900	K 3897/69	Each €	1
------------------	------------------	--------	---

Grease gun for "Lube shuttle®"

Kit suitable for an accurate grease distribution

Consisting of:

1 "LUBE SHUTTLE®" cartridge K 3897/9 of lithium grease, content 400 g

1 aluminium pistol with manual feed

1 nozzle with closing cap

Code K 3897 7000	K 3897/7	Each €	1
------------------	-----------------	--------	---

Code K 3897 7100	K 3897/71	Without cartridge	Each €	1
------------------	------------------	-------------------	--------	---

K 3897/7

Nozzle with closing cap

Grease gun set

Consisting of:

1 compressor **500 g with valve for fast recharging and plastic-coated handle**

1 flexible and **safety tube** K 3899/11 50 cm (**bursting pressure 1650 bar**) conforming to DIN 1283

1 rigid tube K 3899/15 150 mm,

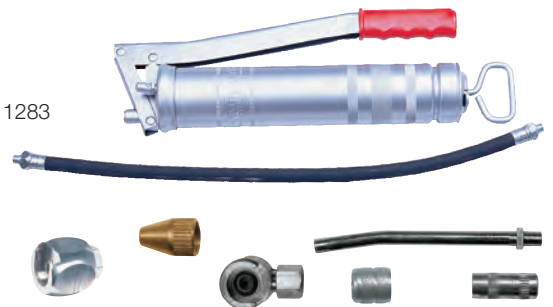

2 steel heads K 3900/2 e K 3900/3

1 conical head K 3901/2

1 head with gripping pincers K 3901/4

1 concave head

Code K 3898 0000	K 3898/0	Each €	1
------------------	-----------------	--------	---

K 6

Air grease gun

Usable with cartridges or loose grease

Threaded coupling M 10x1

Content: **with 600 g cartridge** - without cartridge 800 g

Provided complete with:

2 grease cartridges 600 g

1 flexible and reinforced tube, length 450 mm,

1 head with gripping pincers for grease guns «Hydraulic»

With male 1/4" Gas fittings with milled nut

Compressed air power 5÷10 bar - Advancement pressure 600 bar

Body Ø 60 mm - Overall length 520 mm - Weight 2,8 kg

Code K 3898 3000	K 3898/3	Each €	1
------------------	-----------------	--------	---

Grease cartridge for grease gun K 3898/3

For universal use - With EP additives for extreme pressure

Content **600 g**

Code K 3898 4600	K 3898/4	Each €	12
